

Whenever life gets you down Mrs. Brown  
And things seem hard or tough  
and people are stupid,  
obnoxious or daft  
and you feel like you've had  
quite enough

C

Just...re...member that you're standing on a  
planet that's evolving

G

And revolving at nine hundred miles an hour,  
G7

That's orbiting at nineteen miles a second,  
so it's reckoned,

C

A sun that is the source of all our power

Galaxy Song - First note: Soh

(C)

The sun and you and me and all the  
stars that we can see

A7

Dm

Are moving at a million miles a day

F

G

It's a hundred thousand light years side to side.

G7

It bulges in the middle, sixteen thousand light years thick,

But out by us, it's just three

C

thousand light years wide.

C

The universe itself keeps on  
expanding and expanding

G

In all of the directions it can whizz

G7

As fast as it can go, at the speed of light,  
you know, Twelve million miles a minute,

C

and that's the fastest speed there is.
